Data Recognition Corporation (DRC) and Computerized Assessments and Learning (CAL) are pleased to be working with the Idaho State Board of Education on the ISAT Program. The following information will provide you with details on the regional trainings that will be held in March. This information should be shared with all district personnel involved with the ISAT program.

ISAT Regional Trainings

DRC will be providing Regional Training Sessions for all districts. The training sessions will focus on:
- System requirements
- Uploading and editing student data
- Preparing for testing
- Administering the ISAT
- Post test activities

We invite all District Test Coordinators along with 3 School Test Coordinators from each district to attend one of these sessions.
